

## SEASONAL EMPLOYMENT OPPORTUNITY – SPRING/SUMMER 2024

The East Interlake Watershed District (EIWD) is an organization of neighbouring municipalities, towns, and villages working together as a watershed community with the Province of Manitoba to promote the sustainable use and management of land and water resources within the East Interlake region of Manitoba. Since 2005, the EIWD has implemented numerous conservation projects including wetland enhancement, prairie restoration, reforestation, regenerative agriculture, and more.

We are seeking two energetic and motivated individuals for our seasonal **Resource Technician** positions to assist with a variety of the EIWD's programs and projects.

### Duties:

- Meet and work with landowners and producers within the Watershed District to develop and implement conservation and enhancement projects.
- Perform maintenance at prairie restoration sites.
- Assist with prairie, shelterbelt, reforestation, and/or riparian area plantings.
- Conduct water samples.
- Assist with educational events and promote the mandate of the Watershed District.
- Conduct site assessments for potential projects.
- Conduct waterway and water retention project surveys utilizing GPS surveying equipment
- Process water quality and/or culvert inventory data.
- Various office tasks and duties

### Qualifications:

- Education or work experience in one or more of the following specialties: environmental science, agriculture/farming, plant/wetland ecology, GIS, and/or other relevant fields.
- Excellent written and verbal communication skills.
- Experience with Microsoft Office computer software.
- Experience working with the public is an asset.
- Knowledge of conservation practices, BMPs, and water quality is an asset.
- Experience with ArcGIS software, surveying, and/or GPS units is considered an asset.
- Enthusiasm for the outdoors and conservation.
- Must be able to work out of our office in Gimli.
- Must possess a valid class 5 driver's license in good standing.
- Ability to drive an ATV and/or a trailer is considered an asset.
- Must be willing to work extended hours, evenings, weekends, and statutory holidays as required to complete duties.
- EIWD receives funding through Manitoba's Urban/Hometown Green Team Program; applicants must be youth aged 16 to 29 years.

Positions start in May 2024 and finish near end of August 2024. Wages will be \$17-20/hour, based on a 40-hour week. This job posting is open until Monday, January 29<sup>th</sup>, 2024, or until filled.

Interested individuals are asked to submit their cover letter, resumé, and three references to:

East Interlake Watershed District  
Box 1740 Gimli, MB, R0C 1B0  
Email: [Manager@EastInterlake.ca](mailto:Manager@EastInterlake.ca)  
Phone: (204) 642-7578

Thank you to all interested applicants. Only those selected for an interview will be contacted.
